

# Toyota 200 Series

## 70L Longrange Auxiliary Fuel Tank

Part No TA65S to suit all models without factory sub tank

With this LongRanger Fuel Tank we give the owners of this new V8 Land cruiser the option Toyota left off the list. With all the other models in the line up having twin tanks, this LongRanger Auxiliary Tank provides the user with a much needed boost in driving range thanks to a 75% increase over the standard 93L tank to give a new total of 163L. Keeping with the original design the spare tyre is retained under the vehicle. A new dash mounted LED switch/gauge provides the user with the option to transfer fuel at the push of a button when required, while displaying available fuel in the Auxiliary tank.

### Features:

- 70L capacity
- 3 Year warranty.
- 2mm Aluminium coated steel construction.
- Full internal baffling.
- Fits with standard exhaust.
- The safest alternative for fuel storage.
- Fill either tank via a new DUAL FILLER.
- Transfer fuel with supplied pump and dash-mounted switch.
- Check fuel level via a neat LED gauge.
- Easy fitting, supplied with complete fitting kit and detailed instructions.
- Australian made in a modern CAD/CAM facility.
