

COLUMBIA GORGE, Washington
Hunting season brings fast streams and slick rocks. Pending disaster?
More like a formula for fun when you've got a WARN winch on board.

WARN POWERSPORTS: BUILT BY RIDERS FOR RIDERS

Nowhere does the phrase "Built By Riders For Riders" resonate more truly than at WARN Powersports. These pages are full of the sports we love, and the trails we ride. So when we say we really stand behind our products, it's not just marketing fluff. Simply put, we're all about authenticity. Our full line of versatile, state-of-the-ride products perform at the highest level, and are designed to keep you out of trouble time after time. Products like our legendary winches, complete ProVantage plow systems, and our new line of WARN XT lights. They're designed to light up extreme terrain, wherever that may be.

WARN XT40 The Most Extreme Side X Side Winch on the Market

If you've got a Side X Side and are looking to outfit it with the most extreme Side X Side winch on the market, look no further than the XT40. It's got 50' of light-weight, easy-to-handle synthetic rope; a wireless control system with a 50' range, plus a mini-rocker control switch; and a sealed drivetrain to keep the elements out and the winch working properly. Other features include an all-metal 3-stage planetary geartrain for smooth, reliable operation; a patented disc brake for outstanding control; a short-throw clutch; and an efficient motor for longer pulls with less battery drain.

PN 77500

Kit includes synthetic rope, handheld wireless control and handle-bar mounted mini-rocker control switch

SPECIFICATIONS:

Winch Model: XT40

Part Number: 77500

Rated Line Pull:

4,000 lbs. (1814 kgs) single-line

Motor: 12V Permanent Magnet

Sealing: Full

Geartrain: All-metal

Rope Material: Synthetic

Rope Length & Diameter:
50' x 7/32" (15m x 5.5mm)

Primary Control:

Handle-bar mini-rocker

Remote Control: Wireless Remote

Best for Plow Lifting: Yes

Disc Brake: Yes

Warranty: Limited Lifetime

Clutch Control: Ergonomic dial

Wiring Diameter: 6-Gauge

WARN RT40 A Winning Workhorse for Side X Sides

Riders looking for on-the-job performance and outstanding durability will want the RT40 for their Side X Side. The winch showcases 4,000 lbs. of pulling muscle and 55' of durable wire rope—the longest in the WARN Powersports lineup. This winch has tons of standard features including a patented disc brake for great control; a fully sealed drivetrain; a reliable and smooth all-metal 3-stage planetary geartrain; short-throw clutch; a corded remote and mini-rocker control switch for winch operation; and an efficient electrical system for long pulls and less battery drain.

PN 77000

Kit includes wire rope, handheld corded remote control, and handle-bar mounted mini-rocker control switch

SPECIFICATIONS:

Winch Model: RT40

Part Number: 77000

Rated Line Pull:

4,000 lbs. (1814 kgs) single-line

Motor: 12V Permanent Magnet

Sealing: Full

Geartrain: All-metal

Rope Material: Wire

Rope Length & Diameter:
55' x 7/32" (17m x 5.5mm)

Primary Control:

Handle-bar mini-rocker

Remote Control: Corded Remote

Best for Plow Lifting: No

Disc Brake: Yes

Warranty: Limited Lifetime

Clutch Control: Ergonomic dial

Wiring Diameter: 6-Gauge

WARN XT30 An Extreme Terrain Winch for Large-Bore Utility ATVs

Riders looking for the most extreme winch on the ATV market will want the XT30. It has a 3,000 lb. line capacity to pull the biggest ATVs; a wireless control system with a 50' range for increased winching options; a short-throw clutch, and 50' of lightweight and easy-to-handle synthetic rope—great for vehicle recovery and plow lifting. Full winch sealing helps keep the elements out, and the all-metal 3-stage planetary geartrain will run smoothly for years. The patented disc brake provides enhanced braking performance, and the efficient electrical system minimizes battery drain.

PN 76500

Kit includes synthetic rope, handheld wireless control and handle-bar mounted mini-rocker control switch

SPECIFICATIONS:

Winch Model: XT30

Part Number: 76500

Rated Line Pull:

3,000 lbs. (1361 kgs) single-line

Motor: 12V Permanent Magnet

Sealing: Full

Geartrain: All-metal

Rope Material: Synthetic

Rope Length & Diameter:

50' x 3/16" (15m x 5mm)

Primary Control:

Handlebar mini-rocker

Remote Control: Wireless Remote

Best for Plow Lifting: Yes

Disc Brake: Yes

Warranty: Limited Lifetime

Clutch Control: Ergonomic dial

Wiring Diameter: 6-Gauge

WARN RT30 A Powerhouse Winch for Big Utility ATVs

With 3,000 lbs. of pulling power and 50' of durable wire rope, the RT30 is a powerhouse ATV winch. Get-it-done features include an all-metal 3-stage planetary geartrain; full sealing to help keep the elements out; and a patented disc brake for optimum braking performance. With a corded remote, a handlebar-mounted mini-rocker switch and a short-throw clutch, the RT30 provides a great combination of power and control.

PN 76000, PN 81500 (CE, International sales only)

Kit includes wire rope, handheld corded remote control, and handle-bar mounted mini-rocker control switch

WARN XT25 For Utility ATVs 350cc and Up

Take the trail less traveled with the XT25. With its 2,500 lb. line capacity and 50' of synthetic rope, you'll be able to recover your vehicle (or your buddy's vehicle) with ease; it's great for plow lifting, too. The XT25 showcases an all-metal 3-stage planetary geartrain for smooth, reliable operation; a handlebar-mounted mini-rocker switch for convenient control; a short-throw clutch; and fast line speed. A patented disc brake ensures positive control while winching; full sealing keeps the elements out; and the efficient electrical system minimizes battery drain and keeps your winch working time after time.

PN 75500, PN 81000 (CE, International sales only)

Kit includes synthetic rope and handle-bar mounted mini-rocker control switch

SPECIFICATIONS:

Dual Battery Control Kit

- Lets you use two batteries, but saves the main battery for essential functions, such as starting the vehicle.
- Engineered specifically to give maximum power during winch power-in operation.
- For use with 12-volt accessories such as winches, lights, stereos and more.
- Minimizes charging system overload; if both batteries need charging, the main battery is charged first.
- Optional manual override forces a parallel connection when you need extra power for accessories or jump-starting another vehicle.
- Designed for use with 12-volt DC magneto or alternator charging systems.
- Easy to install; includes all necessary hardware. (Second battery not included)

PN 77977

Wireless Control System for ATVs and Side X Sides

The WARN Wireless Control System will work with WARN 1.5ci, 2.5ci, 3.0ci winches; and all RT/XT series winches.* The system is quick and easy to install thanks to a wiring harness with integrated antenna and included mounting hardware. The system lets you operate your winch from anywhere within a 50' radius, giving you more recovery options. The system's two-button transmitter allows for easy operation, even while wearing gloves. A two-color LED provides instant feedback during the winching process, and the system shuts off automatically after three minutes (or it can be turned off manually) to conserve battery life. A convenient handlebar or dash-mounted holster securely holds the transmitter when not in use.

PN 74500 Wireless Winch Control System

PN 74520 Transmitter only

* May not work with WARN co-branded winches. Call WARN Customer Service for details.

WINCHING ACCESSORIES

A) Winching Accessory Kit

Double your pulling power, change your pulling direction, and keep your winch in proper working order. The WARN Accessory Kit is essential gear for getting the most out of your WARN Powersports winch. Accessory Kits include two shackles, snatch block, and two 1" x 8' (25.4mm x 2.4m) tree trunk protectors. Each kit comes in a black heavyweight nylon soft case.

PN 69222 Kit with black nylon soft case

PN 63351 Black bag only

B) Guide To Winching

The Basic Guide to Winching Techniques is a "must read" booklet that helps you learn the important facts concerning the proper use of your winch. Free download available at www.warn.com. **PN 64660**

C) Snatch Block

Assists in double-lined and angled pulls. Rated to 8,000 lbs. (3,628.74 kg) capacity and under.

PN 28881

D) Shackle

Shackle for rigging attachments. Rated to 8,000 lbs. (3,628.74 kg) capacity and under. **PN 28884**

E) Mini-Rocker Control Switch With Integrated Socket

This kit allows you to plug in a corded remote directly into the mini-rocker switch—no need to drill and install the socket like on existing systems. This allows you to conveniently winch while on or off the vehicle. Kit includes mini-rocker switch with socket, corded remote, and all necessary hardware.

PN 80588

* Not compatible with PN 64849

F) Tree Trunk Protector

1" x 8' (25mm x 2.4m) load strap, designed to protect a tree trunk from the damage a wire rope might cause. Designed for ATV use only. (Rated to 6,400 lbs.) **PN 28882**

G) Neoprene Winch Cover

Made of durable, tight-fitting neoprene that resists water and cracking.

PN 71072 For RT/XT 15 Series and 1.5ci winches. Note: XT/RT15 winch cover includes 8' (2.4m) winch rigging strap.

PN 71980 For RT/XT 25, 30 series and 2.5ci, 3.0ci winches.

PN 71975 For RT40, XT40 and 4.0ci winches.

H) Winch Upgrade Kit

Converts the WARN A2000 to the 2500 lb. capacity winch. Comes with the contactor, wiring, and mini-rocker control switch.

PN 63990

I) Remote Control Upgrade Kit

Everything you need to add the versatile hand-held remote control to your RT/XT 25 series or RT/XT 15 series, 2.5ci or 1.5ci winches. Comes with remote control, socket, and wiring.

PN 64259

J) Replacement Remote Control

PN 64849 Corded remote for WARN ATV and Side X Side winches (remote only).

PN 70756 Corded remote for the WARN SnoWinch (remote only).

PN 74520 Transmitter for Wireless Winch Control System.

PN 80958 For use with Mini-Rocker Control Switch with Integrated Socket

K) Replacement Contactor

Four-post, weather-resistant contactor handles high amps.

PN 76429

For RT/XT40 or 4.0ci winches.

PN 63070 For XT/RT 25, 30 series, 2.5ci or 3.0ci winches (pictured above).

PN 69281

For RT/XT 15 series or 1.5ci winches.

PN 70755 For SnoWinch.

L) Replacement Mini-Rocker Control Switch

Handlebar mounted control. Replacement part for the WARN RT/XT 15, 25, 30 series, 3.0ci, 2.5ci or 1.5ci ATV winches, or the WARN Plow Actuator control. Includes switch and mounting hardware.

PN 64851

For RT/XT 25, 30 series, 3.0ci or 2.5ci winches.

PN 69206

For RT/XT 15 series or 1.5ci winches.

PN 69660 For Plow Actuator.

PN 77944 For Power-Pivot.

WINCH MOUNTING KITS FOR ATVS AND SIDE X SIDES

To order the right kit for your ATV or Side X Side: Part numbers are listed on the master application chart in the Powersports catalog. Warn Industries is constantly developing new applications. If you can't find your bike listed there, call WARN Customer Service for the latest applications. In North America call 1-800-543-9276. Customers outside of North America can call 1-503-722-3008. Or check our web site: www.warn.com.

WARN engineers use computer-aided manufacturing and design tools to ensure the WARN mounting kit fits the specific make and model of your vehicle. The mounting kits are then laser cut to the exact dimensions of the vehicle, shaped on a computer controlled press brake, and robotically welded for consistent results.

BUMPERS FOR ATVS AND SIDE X SIDES

For the ultimate in versatility and durability for your Side X Side, WARN offers a variety of bumper styles for popular models. These bumpers have an integrated winch mount, pre-drilled holes for WARN trail lights, and the bumper folds down when needed so you can open the hood. The stout construction and powder-coated wrinkle finish will make these bumpers last for years.

* Combination bumper and winch mount.

To order the right kit for your ATV or Side X Side: Part numbers are listed on the master application chart on pages 119-132. Warn Industries is constantly developing new applications. If you can't find your vehicle listed there, call WARN Customer Service for the latest applications. In North America call 1-800-543-9276. Customers outside of North America can call 1-503-722-3008. Or check our web site: www.warn.com.

MULTI-MOUNT SYSTEM for ATVs and Side X Sides

The Multi-Mount winch system is designed to mount to front and rear 1¼" or 2" Class I receivers. These mounting receivers are engineered for specific ATV/Side X Side makes/models and tie into the ATV/Side X Side frame for increased strength and reliability.

HOW TO ORDER

You'll Need Four Items:

- 1) Winch
- 2) Winch Carrier
- 3) Quick Connect Wiring Kit

Choose the set of parts that are right for you:

ATV RT/XT 25 or 30 Winch Mounted to a 1-1/4" Receiver:

1. Choose a RT/XT 25 or 30 winch.
2. Winch carrier designed to fit 1-1/4" receiver. **PN 70925**
3. 50 amp Quick Connect wiring kit for both front and back of vehicle. Includes: 20" winch lead, 48" front battery lead and 96" rear battery lead. **PN 70918**

Side X Side RT/XT40 Winch Mounted to a 2" Receiver:

1. Choose a RT/XT40 winch.
2. Winch carrier designed to fit 2" receiver. **PN 70919**
3. 175 amp Quick Connect wiring kit for both front and back of vehicle. Includes: 20" winch lead, 48" front battery lead, and 120" rear battery lead. **PN 70920**

Side X Side RT/XT30 Winch Mounted to a 2" Receiver:

1. Choose a RT/XT30 winch.
2. Winch carrier designed to fit 2" receiver. **PN 70917**
3. 50 amp Quick-Connect wiring kit for both front and back of vehicle. Includes 20" winch lead, 48" front battery lead, and 120" rear battery lead. **PN 70928**

Side X Side RT/XT30 WINCH MOUNTED TO A 1¼" RECEIVER:

1. Choose a RT/XT30 winch.
2. Winch carrier designed to fit 1¼" receiver. **PN 70925**
3. 50 amp Quick-Connect wiring kit for both front and back of vehicle. Includes 20" winch lead, 48" front battery lead, and 120" rear battery lead. **PN 70928**

MULTI-MOUNT ACCESSORIES AND REPLACEMENT PARTS

Power Leads With Quick Connect Plug

50 amp—for use with RT/XT 25 and 30 winches

- PN 70939** (20" winch lead)
PN 72886 (48" battery lead)
PN 72888 (96" battery lead)
PN 70927 (120" battery lead)
PN 22681 (Quick Connect plugs only)

175 amp—for use with RT/XT40 winch:

- PN 36080** (28" winch lead)
PN 70926 (48" battery lead)
PN 26405 (90" battery lead)
PN 70717 (120" battery lead)
PN 22680 (Quick Connect plugs only)

Wiring Kit (For Rt/Xt 25 And 30 Multi-Mount).

Designed for the Multi-Mount owner who wants to wire a second bike. Kit includes front and rear power leads with 50 amp Quick Connect plugs, remote control plug with wiring harness, electrical contactor and Express Install installation wires. **PN 64874**

Steel Receiver Shackle Bracket

Utilizes a 1¼" Class I receiver as a recovery or pulling point.

- PN 62041**
 (Includes bracket, hitch pin and shackle).
PN 28884
 (Shackle only) For 2" receivers use PN 29312.

Hitch Cover

For 2" receiver (black rubber). **PN 37509**

Dust Caps For Quick Connect Plugs

PN 60917 for 50 amp plugs.

PN 69847 for 175 amp plugs.

Warn Industries recommends the RT/XT40 winch as the best choice for Side X Side applications.

WARN BODY ARMOR for ATVs and Side X Sides

WARN Body Armor lets you push the envelope and ride with confidence by giving your ATV or Side X Side the ultimate underbody protection. WARN Body Armor is made from brushed aircraft-grade aluminum for excellent durability and great looks. Features include reinforcing beads for the ultimate in strength, recessed hardware to keep nuts and bolts safe and secure, and holes for drainage and servicing access. WARN Body Armor will take your mind off damaging your vehicle and let you focus on riding.

BODY ARMOR COMPONENTS

- ① A-Arm Kit, Front
- ② A-Arm Kit, Rear
- ③ Side Chassis Kit
- ④ Chassis Kit

TO ORDER THE RIGHT KIT FOR YOUR ATV OR Side X Side: Part numbers are listed on the master application chart on pages 119-132, or call WARN Customer Service for the latest applications.
